## Convocation at Carleton University

The Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

### The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as he enters and leaves each ceremony. (Marshal of Convocation H.H.J. Nesbitt has performed this function for all but one of the University's Convocations.) During the ceremony the mace is displayed on a special stand as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chairman of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff approximately three feet long. At the upper end there is a bowl marked with the University's coat of arms and the University motto in both Latin and English—"Opera Nobis Aeterna" and "Ours the Task Eternal." From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

### Coat of Arms

Carleton University's coat of arms is described in heraldic terms as follows: "On a field sable; in radiants d'argent, a maple leaf gules charged with an open book; crest—a phoenix propre." It is comprised of a black shield bearing an open book on a red maple leaf surrounded by silver rays. The shield is surmounted by a phoenix, and below the shield is a scroll bearing the motto "Ours the Task Eternal."

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The radiants are the light of learning. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 82 years old. "Ours the Task Eternal" is taken from a Walt Whitman poem entitled "Pioneers" and ties in with the eternal quality of the phoenix.

And so, the Carleton University coat of arms symbolizes sound learning, good citizenship, and the highest hopes of humanity.

## The Diploma

The diploma the graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate which has determined whether the requirements have been met. The signatures of both the Chancellor and the President of the University appear on the diploma: the Chancellor because of his role in conferring the degree, and the President who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

## Academic Dress

The academic dress of Carleton University is a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's, and doctor's — are of the simple or Oxford shape. Bachelor's is made of black stuff; master's and doctor's are made of black silk and all are lined with silver silk with two chevrons, one of red and one of black. From bachelor's to doctor's the hoods are progressively longer and opened to show more and more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations: architecture is cerise; arts is white; commerce is camel brown; computer science is royal blue; engineering is orange; industrial design is dark cardinal; journalism is white with a black cord sewn slightly in from the lower border; management studies is camel brown with a black cord sewn slightly in from the lower border; music is venetian pink; public administration is peacock blue; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The bachelor's gown, to be worn with the above hoods, is of full length, made of black stuff, with a gathered yolk behind, and long open-fronted sleeves. The master's gown is of full style, made of black silk or rayon, with full gathered yolk behind, and closed sleeves with an opening at the elbows. The doctoral gown is the same style as the master's, made of fine royal blue cloth with facings of light blue silk.

The gown of the Honorary Doctor of Laws, Literature, Science, and Engineering is a full robe with bell-shaped sleeves, made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for degrees by examination, and is bordered with dark mauve for the degree Doctor of Laws; vibrant blue for the degree Doctor of Literature; red for the degree Doctor of Science; and orange for the degree Doctor of Engineering.

The Presiding Officer of Convocation is the Chancellor of the University,  
Arthur Kroeger, O.C., M.A., LL.D.

Accompanying him on the podium are Samuel F. Hughes, Chair of the Board  
of Governors, and Robin H. Farquhar, M.A., Ph.D., F.C.C.E.A., President and

## O Canada

O Canada! Our home and native land!  
True patriot love in all thy sons command.  
With glowing hearts we see thee rise,  
The True North strong and free!  
From far and wide, O Canada,  
We stand on guard for thee.  
God keep our land glorious and free!  
O Canada, we stand on guard for thee.  
O Canada, we stand on guard for thee.

## Recipients of Honorary Degrees

### Luisa Paré, M.A.

Luisa Paré, anthropologist, researcher and author, will be awarded the degree of Doctor of Laws, *honoris causa*, at the morning ceremony on Saturday, June 19, "in recognition of a distinguished contribution to the field of social anthropology as an internationally-recognized authority on rural Mexico."

Born in Canada and the holder of a B.A. from Laval University, Luisa Paré has made her adopted country of Mexico (she became a Mexican citizen in 1977) the subject of her research and writing. She has taught at the Universidad Nacional Autónoma de México (UNAM) since the 1970s, and obtained her M.A. there as well. She has become an international authority on the sociology of rural Mexico, and has published books, book chapters and numerous scholarly articles on that topic.

Luisa Paré has participated in a wide variety of international conferences and seminars sponsored by universities, the United Nations Research Institute for Social Development, the Massachusetts Institute of Technology, and the Third World Network. Her research into such areas as agricultural cooperatives, industrial development, Green Revolution, regionalization, power structures in rural areas and the use and management of natural resources has been funded by UNAM, the Université de Montréal, and the United Nations Research Institute for Social Development among others.

Professor Paré is currently co-directing a major Carleton University-UNAM research project on the sustainable development of native rain forests in Mexico. The project has received over half a million dollars from the International Research Development Centre (IDRC) Canada.

### Nathan Keyfitz, B.Sc., Ph.D., M.A., LL.D., F.R.S.S., F.R.S.C.

Dr. Nathan Keyfitz, Senior Scholar at the International Institute for Applied Systems Analysis in Laxenburg, Austria, will be awarded the degree of Doctor of Laws, *honoris causa*, at the afternoon ceremony on Saturday, June 19, "in recognition of a long and distinguished career as a sociologist and demographer who has successfully bridged the worlds of academe and public service in Canada and abroad."

After completing his B.Sc. in mathematics at McGill, Dr. Keyfitz spent 20 years at what is now Statistics Canada in the positions of Statistician and later Senior Research Statistician. In 1952 he completed his Ph.D. in sociology at the University of Chicago, and in 1959 he left the civil service to join the University of Toronto as a Professor of Sociology, a position he subsequently held at the Université de Montréal and the University of Chicago. In 1968 he went to the University of California, Berkeley as a Professor of Demography, before joining Harvard University as the Andelot Professor of Sociology and Demography. Since 1983 Dr. Keyfitz has held that position emeritus, and is also Professor Emeritus at Ohio State University and a Visiting Scholar with Statistics Canada.

His scholarly publications in the area of population growth, global development and ecology are numerous and on-going. His participation in conferences and journals has earned him international recognition and honorary degrees, and awards such as the Sheps and Lazarsfeld Awards from the Population Association of America, and the Commonwealth Award from the American Sociological Association. He is an Honorary Life Member in the Canadian Statistical Association, and has been elected to the American Academy of Arts and Sciences, the U.S. National Academy of Sciences, the Royal Society of Canada and the Royal Statistical Society, as well as many other professional associations.
